

# **EUROPE'S LEADING 5G ECOSYSTEM FORUM**

**5G TECHRITORY** is Europe's leading initiative that brings together industry experts, business leaders, top scientists, and policy makers to set the agenda for making a strong 5G ecosystem a reality. **5G TECHRITORY** forum will take place on **November 29-30 in Riga, Latvia**. The event is phygital (physical+digital), that means you can participate on-site and online. Please see the [agenda](#) and the list of [speakers](#).

We invite you to participate in the **5G TECHRITORY Horizon Europe brokerage event on November 30**. This event will help you to build your consortium and find partners for the upcoming Horizon Europe Cluster 4 "Digital, Industry and Space" 2023/2024 calls.

## **Who should attend?**

The event is suitable for anyone with an interest in participating in projects in the forthcoming 2023/2024 Horizon Europe Cluster 4 "Digital, Industry and Space" and Partnerships' topics, including:

- Start-ups
- Small and Medium Enterprises
- Large Companies
- Universities, Research Centers
- Other organizations looking for commercial, technological or research cooperation

## **Thematic focus**

The brokerage event focuses on the following Horizon Europe Cluster 4 "Digital, Industry and Space" and Partnerships' topics:

- 5G/6G
- Network Technologies
- Smart Cities
- VR/AR
- Cybersecurity
- AI

## How it works

- Register for the Horizon Europe brokerage event: [here](#)
- Add contact information and details as requested, as well as indicate your thematic area and list calls you are planning to participate in
- View other participant profiles and book meetings. The booking of meetings opens a few weeks before the event. You will be notified by an e-mail once booking has opened
- Come to **Riga** or join online and find partners for the upcoming **Horizon Europe Cluster 4 “Digital, Industry and Space” 2023/2024 calls**
- The event is free of charge, but registration is mandatory to attend the brokerage event
