

6th European Climate Change Adaptation Conference - ECCA2023

From 19 to 21 June, the 6th European Climate Change Adaptation Conference brings adaptation practitioners together with the world of science to advance the adaptation of European territories to climate change.

The goal of the conference is to inspire adaptation by showcasing solutions, exchanging knowledge, creating connections, and encouraging dialogue on how to act more and faster at every level. Since 2013, the European Union has been funding the organisation of ECCA.

19 June 2023, 14:00 IST - 21 June 2023, 18:00 IST Dublin, Ireland

Live streaming available - free of charge
