The EU Mission: ‘A Soil Deal for Europe’ 2023 calls for proposals will close in September 2023, with evaluations taking place just after. We are looking for experienced and motivated specialists on [soil-related areas](#) to help us evaluate the project proposals and select the best innovative ideas that could advance towards the restoration and protection of soils.

In addition, Cluster 6: ‘Food, bioeconomy, natural resources, agriculture and environment’ 2024 calls for proposals will open in Autumn, and evaluations of proposals are expected to be carried out in early 2024. To evaluate the project proposals, we will need specialists with expertise in areas that range from animal welfare, sustainable livestock production, ecological agriculture and aquaculture, land and maritime spatial planning, circular food packaging, carbon farming and more.

You can prepare for the next evaluations following a few steps. First of all, if not yet done, [register](#) in the Commission’s [experts database](#), if you would like to work with us as an evaluator.

More details [here](#).
