

# Research to Reality - Digital Solutions to European Challenges

SAVE-THE-DATE ! What can you expect?

The first day features keynotes, interactive breakout sessions and workshops aimed at creating mutual synergies between digital research in Horizon Europe and actions in the Digital Europe Programme. Inspired by current achievements and by your needs, insights, and experience, we will craft concrete recommendations and actions for better aligning these major European digital funding and investment programs.

**On the second Day Ideal-ist** is organising a series of workshops of high relevance to Horizon Europe. Learn more about Horizon Europe evaluation, synergies between partnerships, and how to build initiatives on the synergies between **Horizon Europe and Digital Europe**.

Get feedback on your **Horizon Europe** proposals at the event through our live full proposal check service.

Expand your network of collaborators at the **Face-2-Face brokerage** event that will enrich both days of the conference.
