

# [THE CORTEX2 Open Call #1 is now open!](#)

By marianna.roman, 5 December, 2023

EU-funded project [CORTEX<sup>2</sup>](#), has launched its **1st Open Call** to investigate, advance, and demonstrate the technical features offered by its **extended reality (XR) platform, aimed at facilitating remote collaboration** between workers across a wide range of industries and SMEs.

**The beneficiaries will receive up to €200,000** tailored coaching and monitoring, access to technology and business experts, capacity building on the CORTEX2 platform and XR, and exploitation support during a programme of up to 12 months

The CORTEX<sup>2</sup> call will be **open until 16 January 2024**, and it will support 20 projects consisting of **diverse XR innovators — from tech startups/SMEs to research-oriented organizations**.

Moldovan companies (tech startups/SMEs) and research institutions (universities, NGOs, foundations, associations) are encouraged to apply.
