

1st Industry Collaboration and Transfer Exchange on AI – “From Research to Market”

The first Transfer Congress “[Industry and Collaboration Exchange – From Research to Market](#)” under the lead of the TAILOR industry collaboration and transfer group, will take place on the 6th and 7th of May 2024 on-site in the newly opened Innovation Center in Saarbrücken. This event is dedicated to promoting collaboration and facilitating the transfer of knowledge and expertise between industry and academia in the field of Trustworthy Artificial Intelligence.

With a focus on the transfer between the needs of industry and the capabilities of research, the event offers inspiring keynote speeches and interactive workshops with current topics from both worlds, which aim to formulate requirements on AI and its implementation and to kick off initial transfer projects. For more information and registration please access the [website](#) event.
