

European Robotics Forum 2025 Stuttgart Germany

The European Robotics Forum 2025 in Stuttgart, co-organized by euRobotics and Fraunhofer IPA, promises to be a dynamic intersection of innovation and collaboration in robotics and AI. Held at the renowned Liederhalle, the event will feature cutting-edge trends, foster meaningful partnerships, and offer exclusive visits to leading institutions like Fraunhofer Institutes, the University of Stuttgart, and Cyber Valley. With strong political support and an experienced team, ERF2025 aims to boost synergies and drive European advancements in robotics and AI.
