

EU Industry Days 2025

The **EU Industry Days** are Europe's flagship annual event focusing on key industrial policy discussions, connecting industrial frontrunners, and boosting the knowledge base of European industry.

The 2025 edition of the EU Industry Days will take place on **5-6 June 2025** in **Rzeszów, Poland**, with the support of the Polish Presidency of the Council of the European Union. It is one of the flagship events of the Polish Presidency of the Council of the EU.

Beyond the main programme, the event will feature several parallel sessions, an exhibition to showcase EU innovation, and a meet-the-experts corner where participants will be able to get tailored information on EU initiatives to support industry. Through a dedicated matchmaking area, participants will also be able to find partners and unlock new business and cooperation opportunities.

The EU Industry Days 2025 will zoom in on:

- **Competitiveness and Decarbonisation:** Creating lead markets for clean technologies, accelerating decarbonisation and circularity, increasing clean energy, developing framework conditions and infrastructure, strengthening the single market.
- **An Innovative Industry:** Increasing and derisking investments, upskilling and reskilling, enabling start-ups and scale-ups to thrive, fostering critical technologies, and promoting R&I.
- **Increasing Security and Reducing Dependencies with EU Industry:** Strengthening defense, building and ensuring the resilience of EU value chains, facilitating access to critical raw materials, and supporting Ukraine's recovery.
