

Horizon Europe - EUIndTech 2025 Brokerage Event

Benefit from this networking opportunity targeted at Horizon Europe 2025 Industry calls to establish business contacts and meet your future project partners during pre-arranged onsite Face2Face meetings. You can also present your project idea or expertise through pitching presentations and consult your concept of the proposal with National Contact Points.

The event focuses on Industry-related topics from Horizon Europe Work Programme 2025. You can learn detailed list of calls and topics in concern [here](#).

The event is organized by NCP4Industry, the network of Cluster 4 - Industry National Contact Points, together with the Enterprise Europe Network. It is part of EUIndTech2025 , a conference organized by the MEERI Institute and the Małopolska Region in collaboration with the European Commission, under the Polish Presidency in the Council of UE. The conference focuses on research and innovations in industrial technologies and materials.

NOTE:

The event is exclusively for participants of the EUIndtech2025 Conference and is held **ON-SITE** at the Conference Venue.

Separate registration is required for both the **Brokerage Event** and the **EUIndtech2025 Conference**.

Deadline to submit your presentation: **21 May 2025** eob.
