Researchers Networking Forum on Energy & Advanced Mobility (Cluster 5) aims to bring together **Korean and European researchers** to discuss **joint applications for Horizon Europe Pillar 2 calls and beyond**. It offers an exclusive opportunity for participants to engage in in-depth conversations and explore potential collaborations.

?? **Date & Venue:** Brussels, 14–16 October 2025

Two separate forums will be organized simultaneously — one focused on **Energy** and the other on **Advanced Mobility**. Each forum will host **up to 50 participants**:

1. **10 Korean researchers** (main speakers)
2. **Approx. 15 European (and Associated Countries) researchers** (main speakers)
3. **Up to 20 observers**, who can join the full programme alongside the main speakers.

Korean participants have already been announced, and applications for European participants are open until 10 September.

?? **More Information & Application:** [Event Page](#)

?? **Financial Support:** KERC will cover transportation and accommodation costs for all selected participants. Others may join as observers at their own expense.
