By doinita.ulinici, 30 March, 2026

The Extreme Light Infrastructure (ELI) is pleased to announce the opening of the **8th ELI User Call** on **17 March 2026**. Researchers from around the world are invited to submit proposals for experiments to access ELI's state-of-the-art instruments and research infrastructure. Proposals will be **accepted until 22 April 2026, 12:00 (noon) CEST**, and will be evaluated by an international peer-review panel based on scientific excellence.

The Call offers access to a wide range of cutting-edge instruments and capabilities at the **ELI ALPS** (Szeged, Hungary), **ELI Beamlines** (Dolní Břežany, Czech Republic), and **ELI Nuclear Physics** (Măgurele, Romania) facilities.
