

About M-HERO – Moldovan Horizon Europe Office

Slogan: Empowering Research, Expanding Horizons.

M-HERO serves as a central digital hub for information, support services, and knowledge resources related to the participation of the Republic of Moldova in the European Union's framework programme for research and innovation – Horizon Europe.

Main objectives of the project:

Strategic support: Facilitating access to assistance services provided by the M-HERO office for researchers, universities, and SMEs.

Active promotion: Highlighting funding opportunities and open calls within the pillars of Horizon Europe.

Capacity building: Hosting an extensive Knowledge Repository with training materials, guidelines, and best practices.

Connecting: Facilitating direct contact between national stakeholders and the National Contact Points (NCP) network.

This website was produced with the financial support of the European Union under the M-HERO project. Its contents are the sole responsibility of the implementation team and do not necessarily reflect the official position of the European Union.
