

Call for Submissions – MSCA PF Host Institution Catalogue for Korean Researchers

Profile picture for user doinita.ulinici

By doinita.ulinici, 8 May, 2025

The Korea-Europe Research Centre (KEREC) is currently preparing a European Host Institution Catalogue, aimed at introducing leading European universities and research institutions to Korean researchers seeking international collaboration and academic exchange opportunities.

This publication will serve as a reference guide for Korean scholars exploring potential host institutions for European Research Council (ERC) grants and Marie Skłodowska-Curie Actions Postdoctoral Fellowships (MSCA PF). It will form part of ERC and MSCA PF Guidebook for Korea.

KEREC is kindly inviting you to submit a two-page institutional introduction, prepared according to the template. Your contribution will help KEREC present a clear and consistent profile of your university to the Korean research community.

Initial Submission Deadline: 30 May 2025
