

Online Exchange Workshop: Co-Creating Impact: Integrating Real-World Actors in Project Implementation

A highly interactive online exchange for applicants who want actionable good practices for integrating non-scientific beneficiaries (citizens, SMEs, public authorities, NGOs) with scientific partners in EU Missions and Cluster 1/5/6 projects.

Interact with a CINEA program coordinator and with EU Missions and Horizon Europe Clusters beneficiaries and hear their first-hand implementation experience. Join the NCP4Missions exchange workshop to see how to better integrate non-scientific beneficiaries in your projects.

A highly interactive online exchange for applicants who want actionable good practices for integrating non-scientific beneficiaries (citizens, SMEs, public authorities, NGOs) with scientific partners in EU Missions and Cluster 1/5/6 projects. Focus is on real operational issues encountered during activities and how different team members approached them.

The workshop will bring together experienced project partners, partners from the newly established Missions consortia National Contact Points, project coordinators etc. with experience in both Horizon Europe Clusters and Missions projects. Furthermore, the speakers will represent all aspects of the multiple-helix: public organisations, academia, SME, NGO, R&I organisation, citizen organisation.

Participants will be actively involved in engaging and dynamic activities throughout the workshop, including Q&A sessions where they will be able to ask questions to the speakers and share their own experiences through dedicated Slido sessions. To facilitate participation in the Q&A sessions, participants may indicate their questions directly in the dedicated section of the registration form.

The deadline for registration is 3 March 2026 (EOD).
