

NCP4Industry Proposal Check Event

The **full proposal check (FPC)** is an opportunity to discuss and get feedback on an advanced draft proposal from experienced Horizon Europe experts. The FPC event is **free of charge** and the online feedback meetings with project coordinators and experts will be organized **between Monday 8 September and Thursday 11 September 2025**.

How to participate:

See the list of topics included to the FPC, sign up and **submit your proposal** draft by **Sunday 31 August 2025** on the NCP4Industry [2025 Full Proposal Check website](#). The proposals will be selected according to their completeness, which will be checked by Horizon Europe National Contact Points. Selected participants will be informed and invited to an FPC feedback meeting. Participation at the event is for the coordinator (i.e. one person, mandatory) plus one representative from a project partner institution (i.e. one optional person, highly recommended to take notes). In exceptional cases, the coordinator may name a proxy to participate.

With questions about the FPC event, feel free to contact the organizers in the NCP4Industry network: ncp4industry@apre.it

The NCP4Industry network can provide the FPC sessions with external experts to a limited number of proposals.
