

ECS Brokerage Event 2024: Uniting Innovators in Electronic Components

Save the date to join the Electronic Components and Systems Community at the **ECS Brokerage Event 2024 on 20-21 February in Brussels!** Co-organised by the three industry organisations AENEAS, EPoSS and INSIDE, this event will gather more than 400 stakeholders and domain key players to network, exchange innovative R&D project ideas, meet potential partners and build future projects consortia.

The primary focus of the 2024 edition will revolve around the opportunities coming from the recently launched Chips Joint Undertaking and the Horizon Europe Programme. This gathering aims to foster networking, facilitate the exchange of innovative R&D project ideas, enable meetings with potential partners, and facilitate the construction of future project consortia. Participants will also have the chance to present their project ideas via 5-minute pitches or project idea posters. The ECS Collaboration Tool offers a space to initiate idea sharing and prepare presentations using provided templates.

This 2024 edition will focus on the opportunities provided under the recently launched **Chips Joint Undertaking**, as well as the Horizon Europe Programme.

Event registration

The registration will open soon. Participation to the ECS Brokerage Event is free of charge for members of AENEAS, EPoSS and INSIDE industry associations and for Public Authorities. For those who are not part of one of these communities, payment of a fee will be applied.

Share your Project Idea

During the ECS Brokerage Event you will have the opportunity to introduce your project idea during a 5-min pitch and/or present your project idea poster. You can already share your project idea in the **ECS Collaboration Tool** and start preparing your project idea pitch presentation and poster using the templates provided in this tool.

Stay tuned – the registration details are coming soon. For more details, visit this [page](#)
