

Defence Innovation Day 2026 in Tallinn

The Defence Innovation Day 2026 is taking place on **21 September in Tallinn, Estonia**

As Europe strengthens its focus on defence, security and dual-use technologies, international collaboration between research organisations, innovative companies, investors and public authorities is becoming increasingly important. Defence Innovation Day provides a unique platform to connect these communities, exchange experiences and explore new partnerships.

The event will bring together:

- startups and scaleups
- research and technology organisations
- universities
- defence technology companies
- investors
- public authorities
- end-users
- and international innovation ecosystem partners.

The programme will address highly topical issues, including:

- Who Builds, Who Scales: Inside Defence Innovation
- Battlefield Innovation: Lessons from Ukraine
- Protecting Society: From Hybrid Threats to Infrastructure Security

The event also offers opportunities for innovative companies to showcase their technologies in the **Demo Area**, making it particularly relevant for organisations supporting research commercialisation, technology transfer and innovation ecosystems.

Participation is **free of charge**, but **registration is mandatory and subject to approval**.

Date: 21 September 2026

Time: 10:00-16:00, doors open at 09:00
