

European Robotics Forum 2023

The European Robotics Forum (ERF), the most influential meeting of the robotics community in Europe, is returning to Odense, Denmark on 14 – 16 March 2023. The ERF2023 covers all aspects and current themes related to the field of robotics, with a conference, exhibition and networking event.

The event is expected to attract 800 researchers, engineers, managers, and a growing number of entrepreneurs and public funding officers from all over Europe.

Location:

Denmark

Odense
