

European Collaborative Cloud for Cultural Heritage Information and Matchmaking Event

By igor.chiosa, 2 March, 2023

This event, organized on 28 March 2023, is your chance to learn about the European Collaborative Cloud for Cultural Heritage (ECCCH) and the funding opportunities it offers.

In the morning session, follow the presentation on the ECCCH topics proposed for 2023 under the Work Programme 2023-2024 of Horizon Europe Cluster 2. Learn all about this ground-breaking funding opportunity, get the latest information from the European Commission regarding applicant expectations, and have the chance to ask your questions.

The afternoon session is all about networking! Meet and connect with other prospective applicants, identify possible partners to facilitate forming strong project consortia and share ideas and brainstorm potential projects.
