Industry 5.0 Community of Practice (CoP 5.0) will bring together a broad range of European innovation ecosystem stakeholders to share good practices, co-create actions to implement Industry 5.0, contribute to the New European Innovation Agenda (NEIA) implementation, and provide a platform for members to network and establish new collaborations. It will help create a value proposition for stakeholders at the local, regional, national, and European levels to promote and apply Industry 5.0 principles and practices. It will facilitate an opportunity for stakeholders to share ideas, foster synergies, and receive support in transforming traditional business models into more impactful ones.

The Call is open to a broad range of Industry 5.0 stakeholders from EU Member State and countries associated with Horizon Europe. **Participation in the Community of practice is on voluntary basis and will not be remunerated.**

Applicants must provide evidence on actions/initiatives in promoting or implementing Industry 5.0 through human-centric, resilient, and sustainable principles. Interested legal entities (a single individual cannot apply) can indicate their interest in joining the CoP 5.0 pilot phase **before 31 July 2023**.
