

Smart Systems Integration - SSI 2024

The **Smart Systems Integration Conference & Exhibition – SSI 2024** will take place from **16-18 April 2024** in **Hamburg**, Germany, back-to-back with the [apclm](#) conference.

In addition to high-level keynotes from the European Commission and leading research institutions, again experts in Smart Systems integrations from industry and academia will gather to present their latest results and to commonly shape next generations of smart systems made in Europe. As proven successful, conference tracks will be organised oriented along the value chain of smart systems:

- Component developments for Smart Systems
- System integration aspects concerning hardware and software
- Applications: Mobility, Energy, Industry, Biomedical, Healthy Living

EPoSS in addition will organise again a policy session reflecting current, technical and policy trends.
