

ADR – partnership information day and brokerage event

ADRA, alongside the European Commission and Ideal-ist the network of [National Contact Points for ICT research](#), cordially invite you to participate to an information day and brokerage event featuring pre-arranged Face2Face meetings.

This event aims to inform potential applicants about the upcoming funding opportunities of the amended 2024 Horizon Europe Cluster 4 'Digital, Industry and Space' Work Programme (coming soon), the recently opened Digital Europe programme and the EIC accelerator. These events give the participants the opportunity to network with others in order to identify possible collaborations and business cases, to facilitate the setup of Horizon Europe and DEP project consortia and for companies to learn about the accelerator.
