

EDA Connect 2025: Bridging Industry and Academia

The **EDA Connect 2025: Bridging Industry and Academia** conference aims to encourage the exchange of scientific and technological information in EDA and chip design. Hosted in Armenia, this event seeks to foster collaboration and explore emerging trends in microelectronics. The conference will feature keynote addresses and presentations from government officials, global industry leaders, and academia.

Attendees will have the unique opportunity to network during the discussions and evening reception, promoting partnerships between academia, industry, and government organizations.

13-14 March, 2025, Armenia Marriot Hotel Yerevan, Armenia
