

Horizon Europe info days - Cluster 4: Digital, Industry and Space

Are you looking for research & innovation funding opportunities to develop a competitive, digital, low-carbon and circular industry? Are you interested in ensuring sustainable supply of raw materials, develop advanced materials and provide the basis for advances and innovation in global challenges to society? Join the Horizon Europe Cluster 4 info days on 29 and 30 January 2026 to learn more about the topics of the Work Programme 2026!

Main topics covered:

- manufacturing technologies
- key digital technologies including quantum technologies
- emerging enabling technologies
- advanced materials
- artificial intelligence and robotics
- next generation internet
- advanced computing and Big Data
- circular industries
- low carbon and clean industries
- space including earth observation

The event **will be streamed online via Webex**. The link to the webcast will be made available on this page.

The event covers:

- Insights into the policy context
- Pitches for each of the topics from the Work Programme 2026

- Horizontal Sessions offering guidance and tips for applicants

Date

29/01/2026 -

30/01/2026
