

Towards new Horizons: Inclusive Gender Equality in FP10 and Beyond

Over the past three years, Horizon Europe project **GENDERACTIONplus** has worked to advance inclusive **gender equality** in the European Research Area. Our work is coming to a close at a time of intense policy negotiations that are shaping the future priorities for research and innovation, including Framework Programme 10. This is happening against the backdrop of strengthened right-wing anti-gender politics, social upheaval, and an emerging policy framework focused on competitiveness.

The aim of the conference is to review the progress made in advancing inclusive gender equality in research and innovation in the EU; assess advances in policy coordination accomplished through GENDERACTIONplus Communities of Practice; and engage in a 'whole system' dialogue with policy makers, research funders, ERA stakeholder organisations, ERA gender equality officers, and scholars to discuss the challenges and opportunities ahead.

When: 12 February 2025 | **Where:** [Ateliers des Tanneurs](#), Brussels & online

You can find the [registration form here](#). The registrations close on 31 January 2025.

Location:

Bruxelles, Belgium

Date
