

Webinar - All you need to know about 2-factor authentication (2FA) with EU Login

On April 29, 2025, the Commission organizes a webinar explaining the **new policy regarding 2-factor authentication** of the near future. As part of ongoing effort to enhance digital security and protect user data, enabling two-factor authentication (2FA) on your EU Login account to access the Funding & Tenders Portal services is strongly recommended and will become mandatory in the course of 2025 (exact date to be confirmed). Therefore, it is very important to be prepared for this transition! No need to register beforehand to follow this webinar. More information about the webinar you can find [here](#).

In addition, Commission have launched a short [survey](#) in order to test your knowledge on 2FA and help them understand what issues you expect to encounter with it. This survey is expected to take a few minutes to complete: please help them understand your needs!
